

Letter from the President

DEAR FRIENDS,

We would like to thank you for your continued support as we enter into our second full year as the Austin Young Chamber of Commerce. In just that short amount of time, our membership has grown to over 1,200 young professionals and continues to grow every day. The sky is the limit for us, and we could not have made it this far without our loyal members and sponsors.

Although the state of our economy is unstable and unpredictable, Austin has continued to thrive. Our city is growing at a rapid rate, and we want to make sure that our organization keeps up with this growth. We will continue to offer new and exciting events and programs to our members that are relevant to current trends. As always, we are open to suggestions and love hearing new ideas. We feel that the connections we make through our network of young professionals will carry us through any economic climate. Our members are talented young professionals, who use their own success to help fellow members achieve their goals.

The Austin Young Chamber of Commerce will continue to focus on building our network of young professionals, which in turn will enrich our business community. We are thankful for each member and sponsor, and appreciate your continued support in 2011.

We wish you all the very best!

Thank you,

Edward Kargbo
AYC President
